JANUS HENDERSON HORIZON FUND (the “Company”)
Société d'Investissement à Capital Variable (SICAV)
LUXEMBOURG
RCS B 22847

4 March 2021

Dear Shareholder,

We are writing to inform you of certain changes we are making to the Company and the Funds, which are summarised below and will be effective as of **6 April 2021**, unless otherwise stated.

For the avoidance of doubt, there is no change to the Funds’ risk profile, the composition of the Funds’ portfolios or the way the Funds are managed as a result of these changes.

Please see “**Options Available To You**” below for further information on how to respond to this notice.

Unless otherwise stated, defined terms used herein bear the meaning attributed to them in the Company’s latest Hong Kong offering documents (comprising the Prospectus, the Hong Kong Covering Document (“**HKCD**”) and the relevant Product Key Fact Statements (“**KFS**”), collectively the “**Hong Kong Offering Documents**”). The terms “Fund” shall mean a sub-fund of the Company and the relevant Fund referred to in each Appendix.

ADMINISTRATIVE AND OPERATIONAL CHANGES TO THE COMPANY

1. Change of Registrar and Transfer Agent and Hong Kong Representative

With effect from **6 April 2021**, International Financial Data Services (Luxembourg) S.A. will be appointed Registrar and Transfer Agent of the Company, in replacement of RBC Investor Services Bank S.A.

In conjunction with this change, the Hong Kong Representative will also be changing from RBC Investor Services Trust Hong Kong Limited to Janus Henderson Investors Hong Kong Limited with effect from **6 April 2021**.

Please see Appendix 1 for further details including the options available to you on how to respond to this change.

2. Introduction of new ‘Dealing Day’ Definition

Currently, subscription, redemption or switching of Shares in a Fund may be made on any Business Day (which is defined in the Prospectus as a bank business day in Luxembourg, unless otherwise stated). For a deal placed before the Dealing Cut-Off on a Business Day, the ‘Dealing Day’ is that Business Day; for a deal placed after the Dealing Cut-Off on a Business Day, the ‘Dealing Day’ is the following Business Day, provided that dealing has not been

suspended in which case the 'Dealing Day' will be the Business Day immediately after dealing has recommenced.

Suspension of dealing may be effected by the Directors of the Company in consultation with the Depositary and having regard to the best interests of the Shareholders of the relevant Fund(s) in the circumstances specified under the Articles of the Company and as disclosed in the Prospectus under the heading "Possible Deferral or Suspension of Redemptions" in the section headed "Buying, Redeeming and Switching Shares". Any suspension of dealing in such circumstances will be notified to the Shareholders of the relevant Fund(s) immediately following the Directors' decision to suspend dealing and at least once a month during the period of suspension.

In addition, where it is considered in the best interests of Shareholders of the relevant Fund to do so, the Directors may, having consulted the Depositary of the Company, exercise discretion to declare non-dealing days during which dealing will be suspended. For example, if the underlying market(s) of a Fund are closed for dealing for an extended period due to public holidays, such public holidays may be declared as non-dealing days. Shareholders of the relevant Fund will be notified in advance of the relevant non-dealing days in such circumstances by way of a written notice. All dealing requests received after the Dealing Cut-Off on the last Business Day immediately before the suspension period or during the suspension period will be held over and processed on the Business Day immediately after dealing has recommenced.

With effect from **6 April 2021**, we are introducing a new "Dealing Day" definition into the Prospectus to allow flexibility for the Management Company to declare non-dealing days for the Funds where it will be in the best interests of Shareholders of the relevant Fund without separate notification to the Shareholders of the relevant Funds in circumstances other than as specified under the heading "Possible Deferral or Suspension of Redemptions" in the section headed "Buying, Redeeming and Switching Shares" of the Prospectus.

For example, the Management Company may declare a non-dealing day for a Fund when a significant portion of the Fund's portfolio becomes exposed to restricted or suspended dealing due to public holiday(s) in the underlying market(s), and as such, the Investment Manager's ability to accurately value the relevant Fund's underlying assets and thereby price the relevant Fund may be inhibited.

The Management Company believes that declaring non-dealing days in such circumstances will be in the best interests of Shareholders as it aligns dealings in a Fund when the relevant underlying market(s) are open for dealings by the Fund, therefore allowing Shares in the relevant Fund to be dealt with at a price more reflective of the value of the relevant Fund's underlying assets.

As a result, Shareholders will not be able to redeem or switch Shares or subscribe for further Shares on a non-dealing day declared by the Management Company for the relevant Fund (even if it is a Business Day). The net asset value of the relevant Fund will also not be calculated on a non-dealing day. Any dealing requests received on a non-dealing day will be processed on the following Dealing Day. However, there is no impact on the subscription, redemption or switching requests in respect of the relevant Fund received on a Dealing Day, which will be processed in accordance with the normal procedures set out in the Hong Kong Offering Documents. Calculation of the net asset value of the relevant Fund on a Dealing Day will be conducted in accordance with the normal valuation rules and procedures set out in the Hong Kong Offering Documents.

The schedule of expected non-dealing days for the relevant Funds will be available in the 'Document Library' on the website www.janushenderson.com¹ from the date of this notice and will be updated at least semi-annually and in advance of the relevant non-dealing days shown in the schedule. Please note the schedule may also be updated from time to time. As mentioned above, Shareholders of the relevant Funds will not be separately notified of the non-dealing days shown in the schedule. For the avoidance of doubt, any suspension of dealing in the circumstances specified under the heading "Possible Deferral or Suspension of Redemptions" in the section headed "Buying, Redeeming and Switching Shares" of the Prospectus will be notified to the Shareholders of the relevant Fund(s) immediately following the Directors' decision to suspend dealing and at least once a month during the period of suspension.

Please note we are not changing the Funds' risk profile, the composition of the Funds' portfolios or the way the Funds are managed as a result of the new 'Dealing Day' definition.

Options available to you concerning the introduction of a new 'Dealing Day' definition

- If you agree with the above change, you do not need to take any action.
- If you do not agree with the above change, you may, at any time prior to **6 April 2021**, redeem your Shares in the Funds without any redemption charges. Redemptions will be carried out in accordance with the terms of the Hong Kong Offering Documents.

3. Change of Securities Lending Agent

With effect from **6 April 2021**, J.P. Morgan Bank Luxembourg S.A will be appointed as the Securities Lending Agent of the Company, in replacement of BNP Paribas Securities Services, London Branch.

Please see Appendix 2 for further details including the options available to you on how to respond to this change.

4. Updates to Disclosures relating to Securities Financing Transactions and of Reuse (SFTR), Collateral Management Policy for Securities Lending and OTC derivatives and Counterparty Ratings Disclosures

We wish to draw to your attention to changes to certain Company policies detailed in the Prospectus that will be implemented from **6 April 2021**.

Please see Appendix 3 for further details including the options available to you on how to respond to these updates.

CHANGES/CLARIFICATIONS TO THE FUNDS

5. EU Sustainable Finance Disclosures

The European Parliament and European Council have introduced new regulations for the investment management industry to establish a framework to facilitate sustainable investment. In particular, the EU Sustainable Finance Disclosure Regulation (SFDR) stipulates that firms are now required to introduce sustainability-related disclosures in fund documentation in order to provide further information for investors on how investment managers consider sustainability risks in their investment decisions, and the likely impact on investment returns. Factors which are considered under sustainability broadly include environmental, social and governance (ESG) matters.

¹ This website has not been reviewed by the SFC and may contain information relating to funds not authorised by the SFC and not available to Hong Kong investors.

In order to meet the SFDR requirements, the Prospectus will be updated to include additional disclosures to demonstrate how the Investment Manager considers sustainability risks in their investment decisions in respect of the Funds and the likely impact on investment returns.

i. Janus Henderson Horizon Fund - Global Sustainable Equity Fund

For this Fund, we are including additional clarifications in the Prospectus to demonstrate that the Fund considers ESG factors at all stages during its investment process and that it has a sustainable investment objective.

ii. Janus Henderson Horizon Fund – Global Technology Leaders Fund

For this Fund, we are including additional clarifications in the Fund's Investment Strategy in the Prospectus to demonstrate that it promotes the EU criteria for environmentally sustainable economic activities.

The revised Hong Kong Offering Documents reflecting the relevant disclosures arising from SFDR will be issued on or around **10 March 2021**. A comparison of both Funds' current and revised Investment Strategy will also be available on our website www.janushenderson.com¹ on or around **10 March 2021**.

iii. All other Funds

For all other Funds, disclosures will be added in the Prospectus stating that, while the analysis of ESG factors is an integral component across the Investment Manager's investment capabilities, and one of a number of inputs to the selection of investments and portfolio construction, the investment processes for all other Funds are primarily designed to maximise long-term risk-adjusted returns for investors. Therefore, in managing the Funds, the Investment Manager does not maximise portfolio alignment with sustainability risks as a separate goal in its own right, nor does it precisely attribute the impact of ESG factors on returns for the relevant Fund.

Please note that the updates are for enhancement of disclosures only. There is no change to the Funds' risk profile, the composition of the Funds' portfolios or the way the Funds are managed as a result of these clarifications, which are consistent with the Funds' existing investment objectives and policies. You do not need to take any action in response to these clarifications.

6. Bond Funds: Clarification of Perpetual Bond Investments

With effect from **6 April 2021**, the investment policy of the Janus Henderson Horizon Fund – Euro Corporate Bond Fund will include a clarification that it may gain exposure to perpetual bonds (bonds without a maturity date). This Fund may already gain exposure to these instruments, which is consistent with its existing investment objective and policy.

The additional reference is to enhance the existing disclosures only.

Perpetual bonds may be exposed to additional liquidity risk in certain market conditions. The liquidity for such investments in stressed market environments may be limited, negatively impacting the price they may be sold at, which in turn may negatively impact the Fund's performance.

Please note that there is no change to the Fund's risk profile, the composition of the Fund's portfolios or the way the Fund is managed as a result of this clarification. You do not need to take any action in response to this clarification.

The Hong Kong Offering Documents will also be revised to include certain miscellaneous administrative, clarificatory and general updates (see Appendix 4).

In respect of the changes mentioned in this notice, unless otherwise stated in respect of the relevant change, the Directors confirm that:

- There will be no material change in the operation and/or manner in which the Funds are being managed.
- There will be no change to the features (including investment objectives and policies) or overall risk profile of the Funds.
- There will not be material adverse impact on the rights or interests of the Shareholders of the Funds.
- There are no new fees, charges or increases in existing fees or charges borne by the Funds.

Unless otherwise stated in the Appendix for the specific changes, the Directors confirm that the costs and expenses in connection with the changes in this notice will be borne by the Funds. These costs and expenses will not have a material impact on the fees and expenses incurred by the respective Funds. The costs incurred in connection with these changes are insignificant by reference to the Funds' Net Asset Value.

OPTIONS AVAILABLE TO YOU

If you do not agree with the above changes, you may, at any time prior to **6 April 2021**, unless otherwise stated in the relevant appendix or summary, switch² or redeem your Shares in the Funds without any charges. Appendix 1 **Change of Registrar and Transfer Agent and Hong Kong Representative**

International Financial Data Services (Luxembourg) S.A. (“**IFDS Luxembourg**”) will be appointed as the Registrar and Transfer Agent of the Company, in replacement of RBC Investor Services Bank S.A., with effect from **6 April 2021**.

The appointment of IFDS Luxembourg follows a comprehensive review of Janus Henderson Group’s third-party servicing arrangements. By making this change, Janus Henderson Group aims to deliver a more streamlined and efficient service for clients, with greater consistency across fund ranges and jurisdictions by minimising the differences between Janus Henderson Group’s Luxembourg and Irish based fund ranges in terms of client experience.

In conjunction with this change and in order to serve Hong Kong investors in a more efficient manner, the Hong Kong Representative will also be changing from RBC Investor Services Trust Hong Kong Limited to Janus Henderson Investors Hong Kong Limited with effect from **6 April 2021**.

The contact details of Janus Henderson Investors Hong Kong Limited are set out above.

On the basis that the Funds will also benefit from a cost reduction as a result of moving to IFDS Luxembourg, the costs of implementing the transfer of services to IFDS Luxembourg will be shared between Janus Henderson Group and the Funds.

Allocation of costs will be based on the proportional benefits to the Funds, amortised over 2 years. Such costs are non-material by reference to the Funds’ Net Asset Value and will not have a material impact on the fees and expenses incurred by the Funds.

Consequential administrative changes

Throughout the transition to IFDS Luxembourg we will seek to minimise disruption to investors. However, please note that from **6 April 2021** the following consequential administrative changes will occur:

Telephone Dealing no longer accepted	Redemption orders and subsequent purchase instructions will no longer be accepted by telephone.
Removal of de minimus on distribution payments for all Distribution Share Classes	Currently, save for Sub-class 4 and Sub-class 5 Shares, all distributions to the value of less than USD50 or the equivalent in the relevant Base Currency of the Fund will be automatically reinvested for the account of the Shareholder. This de minimus will be removed such that all distributions in respect of all Distribution Share Classes regardless of value will be declared and paid to the relevant Shareholder.

Settlement date amendment	The settlement date relating to any subscriptions, redemptions and/or switches will no longer be delayed if there is a local bank or legal holiday(s) occurring in the country of the relevant payment currency within the settlement cycle. For all Funds, the settlement day will be up to the third (3rd) Business Day after the applicable Dealing Cut-Off in relation to the purchase, redemption or switching of Shares.
----------------------------------	--

Please note that the personal data or other information you have provided in connection with an application to subscribe for the Shares in a Fund (and at any other time during the business relationship with the Fund) may be processed by IFDS Luxembourg outside of the European Economic Area including in countries such as Canada and India. If you would like to know more about how we process your personal information and what your rights are, please read our Privacy Policy at www.janushenderson.com¹.

Further comprehensive details of the arrangements with IFDS Luxembourg, including how you can interact with them and revised bank account details will be available via a document entitled 'Keeping you in the Picture' on our website at www.janushenderson.com¹.

Options available to you

- If you agree with the above change, you do not need to take any action.
- If you do not agree with the above change, you may, at any time prior to **6 April 2021**, redeem your Shares in the Funds without any redemption charges. Redemptions will be carried out in accordance with the terms of the Hong Kong Offering Documents.

Appendix 2 Change of Securities Lending Agent

As disclosed in the current Hong Kong Offering Documents, the Funds may, for the purposes of efficient portfolio management and to generate income, enter into securities lending transactions. The maximum proportion and maximum expected proportion of the Fund's Net Asset Value which may engage in securities lending are 50% and 30% respectively.

J.P. Morgan Bank Luxembourg S.A ("**JPM**") will be appointed as the Securities Lending Agent of the Company, in replacement of BNP Paribas Securities Services, London Branch ("**BPSS**"), with effect from **6 April 2021**.

The appointment of JPM follows a comprehensive review of Janus Henderson Group's third-party servicing arrangements. Following an extensive due diligence process, JPM has been appointed based on increased revenue potential from securities lending for the benefit of the Funds (as described below) and their more comprehensive securities lending programme offering in terms of global reach, dedicated servicing and number of borrowers within their programme. By making this change, Janus Henderson Group also aims to deliver a more streamlined and efficient service for clients, with greater consistency across fund ranges and jurisdictions by minimising the differences between our Janus Henderson Group's Luxembourg and Irish based fund ranges in terms of client experience.

The change of Securities Lending Agent will result in an increase of the portion of the securities lending revenue that is retained by the Funds from 85% to 92%*, with a maximum of 8% being retained by JPM to cover the direct and indirect costs of running the lending programme and providing the requisite operational and collateral infrastructure, plus the compliance and risk oversight. The additional availability of the cash collateral management services within the JPM programme provides increased revenue opportunities for the Funds that are not currently available with BPSS.

** Please note, JPM charges a fee of up to 0.05% of the reinvested cash collateral for its cash collateral management services. This fee is deducted from the cash collateral reinvestment return before any securities lending revenue is then apportioned between the relevant Fund and JPM.*

As a result of the above appointment, there will be changes to the Fund's collateral management policy to reflect the way JPM will be running the securities lending programme for the Company. These changes are set out in Appendix 3 - 'Updates to Disclosures relating to Securities Financing Transactions and of Reuse (SFTR), Collateral Management Policy for Securities Lending and OTC derivatives and Counterparty Ratings Disclosures'.

For the avoidance of doubt, there is no change to the maximum proportion (i.e. 50%) and maximum expected proportion (i.e. 30%) of the Funds' net asset value which may engage in securities lending as currently disclosed in the Prospectus.

Options available to you

- If you agree with the above change, you do not need to take any action.
- If you do not agree with the above changes, you may, at any time prior to **6 April 2021**, redeem your Shares in the Funds without any redemption charges. Redemptions will be carried out in accordance with the terms of the Hong Kong Offering Documents.
