

Janus Henderson Tactical Income Active ETF (Managed Fund)

Product Disclosure Statement

Issue Date

18 February 2020

ARSN: 130 944 866

APIR: HGI7649AU

This Product Disclosure Statement is issued by Janus Henderson Investors (Australia) Funds Management Limited, ABN 43 164 177 244, AFSL 444268 as responsible entity of the Janus Henderson Tactical Income Active ETF (Managed Fund), a class of units in the registered managed investment scheme, the Janus Henderson Tactical Income Fund ARSN 130 944 866.

Important information

This Product Disclosure Statement ("**PDS**") is issued by Janus Henderson Investors (Australia) Funds Management Limited, ABN 43 164 177 244, Australian Financial Services Licence ("**AFSL**") 444268 ("**Responsible Entity**", "**Janus Henderson Australia**", "**us**", "**our**", "**we**"), as responsible entity of the Janus Henderson Tactical Income Active ETF (Managed Fund) which is a class of units in the registered managed investment scheme, the Janus Henderson Tactical Income Fund ARSN 130 944 866 ("**Fund**"). No other fund, trust or class of units is offered in this PDS.

The information provided in this PDS is general information only and does not take account your personal and financial objectives, financial situation or needs. You should obtain financial advice tailored to your personal circumstances.

Investments in the Fund are subject to risk. Neither Janus Henderson Australia nor any other Janus Henderson Group PLC entity guarantees the performance of the Fund or return of capital. You should consider the key risks in section 5 of this PDS before making an investment decision.

The offer

The offer to subscribe for units in the Fund under this PDS is only available to persons who are, or who have been engaged to act on behalf of persons who have been authorised as trading participants under the Exchange Operating Rules ("**Authorised Participants**") and where required, have entered into a relevant Authorised Participant Agreement with Janus Henderson.

Investors who are not Authorised Participants looking to apply for units in the Fund cannot invest through this PDS but can buy units on the Chi-X exchange ("**Exchange**"). Please consult your stockbroker or financial adviser. Investors who are not Authorised Participants may use this PDS for informational purposes only.

The offer or invitation to subscribe for units in the Fund is only available to persons receiving this PDS (electronically or otherwise) in Australia and is subject to the terms and conditions described in the PDS. This does not constitute an offer or invitation in any jurisdiction, or to any person to whom it would be unlawful to make such an offer.

A copy of this PDS has been lodged with the Australian Securities & Investments Commission ("**ASIC**"). As at the date of this PDS, the units in the Fund are yet to be quoted for trading on the

Exchange and an application has been made to the Exchange for our approval as a product issuer (as that term is defined in the Exchange Operating Rules). The quotation of the units on the Exchange will be subject to our approval as a product issuer. As at the date of this PDS, we have not yet appointed an Authorised Participant and/or Market Maker. An application has been made to the Exchange for units in the Fund, issued pursuant to this PDS, to be quoted for trading on the Exchange under the Exchange Operating Rules. We will only accept applications to create units once the exposure period for the PDS has expired. The exposure period expires 7 days after lodgement of the PDS with ASIC, subject to possible extension by ASIC for a further period of up to 7 days. Neither ASIC nor the Exchange take any responsibility for the contents of this PDS.

For the purposes of this PDS, a "Business Day" means any day other than a Saturday, Sunday or public holiday on which the banks in NSW are generally open for business together with any day on which the Exchange is open and any other day notified by the Exchange to participants and all times are Sydney time. All references to dollars are in Australian dollars. Capitalised terms in this PDS are defined terms and are listed in the Glossary section or defined elsewhere in this PDS.

Changes and updates to this PDS

The information in this PDS is current as at the issue date but may change from time to time. Where information that changes is not materially adverse to unitholders, we will update this information by publishing changes on our website: www.janushenderson.com/en-au/investor/documents. We will notify you if there is a materially adverse change to the information contained in this PDS. A paper copy of the PDS and any updated information will be provided, or an electronic copy made available, free of charge on request by contacting the Responsible Entity.

General

All monetary amounts referred to in this PDS are given in Australian dollars and all phone/fax numbers are to phone/fax numbers in Australia (unless otherwise stated). All fees are quoted on an Australian Goods and Services Tax ("**GST**") inclusive basis less any Reduced Input Tax Credits ("**RITCs**") available to the Fund. For the purpose of this PDS, all times are Sydney time.

ARSN	130 944 866	
APIR code	HGI7649AU	
Primary Exchange	Chi-X	
Ticker	TACT	
Custodian and Administrator	BNP Paribas Securities Services	Further information can be found in section 9
Unit Registrar	Computershare Investor Services	Further information can be found in section 9
Investment return objective	The Fund seeks to achieve a total return after fees that exceeds the total return of the Benchmark, by investing in a diversified portfolio of predominantly Australian income producing assets.	Further information can be found in section 3
Benchmark	Bloomberg AusBond Bank Bill Index and Bloomberg AusBond Composite 0+ Yr Index equally weighted	
Investment strategy	<p>The Fund will implement its investment return objective by investing in the following underlying funds ("Underlying Funds"):</p> <ul style="list-style-type: none"> • Janus Henderson Cash Fund – Institutional (ARSN 127 731 006) • Janus Henderson Cash Enhanced Fund – Institutional (ARSN 100 098 271) • Janus Henderson Australian Fixed Interest Fund – Institutional (ARSN 100 098 413) • Janus Henderson Diversified Credit Fund (ARSN 127 727 431) <p>In this PDS, where we refer to the Fund's investments we generally do so on a 'look-through' basis; that is, we are referring to the underlying assets that the Fund is exposed to through its investment in the Underlying Funds.</p>	Further information can be found in section 3

Janus Henderson Tactical Income Active ETF (Managed Fund)		Where to find more information
Type of investment	The Fund is a managed fund which has been established as a class of units in the registered managed investment scheme the Janus Henderson Tactical Income Fund. The Fund's units will trade on the Exchange. An application has been made to the Exchange for units in the Fund to be quoted for trading on the Exchange market. This means investors have the opportunity to buy or sell a diversified portfolio of assets in a single transaction. Exchange traded products, including managed funds, have a number of benefits, including diversification, transparency and lower costs.	Further information can be found in section 3
Minimum suggested timeframe for holding investment	The Fund is intended to be suitable for investors who are comfortable to invest for at least three years.	
Risk level	Low-medium risk – the Fund is considered a low-medium investment risk. The key risks associated with this investment are set out in section 5.	
Entering and exiting the Fund		
Applications – Authorised Participants	<p>The offer for units in the Fund made in this PDS is only available to Authorised Participants.</p> <p>Units can only be acquired in whole multiples of 5,000 unless the Responsible Entity agrees otherwise. Every 5,000 units represents one 'Creation Unit'. Only whole units in the Fund will be issued.</p> <p>A valid application request must be received in our Sydney office before 2pm Sydney time on a Business Day (referred to as the "transaction cut-off time"). The transaction cut-off time may be extended to 3.30pm by the Responsible Entity at its discretion without notice.</p> <p>An Authorised Participant may make an application to create units by completing the ETF application/redemption form and paying to the Fund the cash application amount.</p> <p>Once quoted (and subject to market conditions), investors may purchase units on the Exchange. The purchase of units on the Exchange is not governed by the terms of this PDS and therefore the minimum investment requirements does not apply to units purchased on the Exchange.</p>	Further information can be found in section 7
Redemptions – Authorised Participants	<p>Units in the Fund can only be redeemed by an Authorised Participant.</p> <p>Units can only be redeemed in whole multiples of a Creation Unit unless the Responsible Entity agrees otherwise. Only whole units in the Fund will be redeemed.</p> <p>A valid redemption request must be received in our Sydney office before 2pm Sydney time on a Business Day (referred to as the "transaction cut-off time"). The</p>	Further information can be found in section 7

Janus Henderson Tactical Income Active ETF (Managed Fund)		Where to find more information
	<p>transaction cut-off time may be extended to 3.30pm by the Responsible Entity at its discretion without notice.</p> <p>An Authorised Participant can make an application to redeem units by completing the ETF application/redemption form.</p> <p>Once quoted (and subject to market conditions), investors may sell their units on the Exchange. The sale of units on the Exchange is not governed by the terms of this PDS and therefore the minimum redemption requirement does not apply to units sold on the Exchange.</p>	
Investors who are not Authorised Participants	<p>Generally, investors can only enter and exit the Fund by buying and selling units on the Exchange in the same way other products are traded on the Exchange market. The price at which investors enter and exit the Fund will be the price at which they buy or sell the units on the Exchange.</p> <p>Investors who are not Authorised Participants may be able to make an off-market request to withdraw their investments from the Fund directly where trading in units on the Exchange has been suspended for five consecutive Business Days in line with the Fund's Constitution.</p>	Further information can be found in section 7
Market liquidity	<p>Investors can buy and sell units from/to other investors in the secondary market in the same way as other exchange quoted securities. The Market Maker may provide liquidity to investors by acting as a buyer and seller of units. The Responsible Entity has entered into a market making agreement with the Market Maker to facilitate this liquidity ("Market Maker Agreement").</p>	Further information can be found in section 7
Fees and other costs		
Management costs	<p>The management costs of the Fund are 0.45% per annum of the assets the Fund and consist of:</p> <ul style="list-style-type: none"> a management fee: 0.45% per annum of the assets of the Fund; and indirect costs: 0.00% per annum of the assets of the Fund. 	Further information can be found in section 6
Fees when your money moves in and out of the Fund	Nil	Further information can be found in section 6
Buy / Sell spread	The Fund does not charge a buy spread or a sell spread.	Further information can be found in section 6
Other information		
Net asset value	<p>The net asset value ("NAV") of the Fund is calculated on each Business Day in accordance with the Constitution. The NAV per unit is derived by dividing the NAV by the number of units on issue in the Fund.</p>	Further information can be found in section 7

Janus Henderson Tactical Income Active ETF (Managed Fund)		Where to find more information
Indicative net asset value ("iNAV")	An indicative net asset value (" iNAV ") will be calculated based on the Pricing Basket and published by a pricing agent on behalf of the Fund throughout the Business Day.

Further information can be found in section 9

2. About Janus Henderson Investors (Australia) Funds Management Limited

Janus Henderson Australia, the responsible entity of the Fund, is a subsidiary of the global asset management group Janus Henderson Group PLC ("**Janus Henderson**"). Janus Henderson exists to help clients achieve their long-term financial goals. Our active management offers clients the opportunity to outperform passive portfolios over the course of market cycles. With more than 350 investment professionals, we provide access to some of the industry's most talented and innovative thinkers, spanning equities, fixed income, multi-asset, and alternatives, globally. Our investment teams blend insight, originality, and precision with rigorous analysis, structured processes, and robust risk management. We build client partnerships on openness and trust, channelling expertise from across the business and communicating the views of our experts in a timely and relevant way. As at 31 December 2019, Janus Henderson had \$533.2 billion in assets under management, more than 2,000 employees and offices in 28 cities worldwide.

The Responsible Entity is responsible for the operation of the Fund and has the power to delegate certain duties in accordance with the Corporations Act 2001 (Cth) ("**Corporations Act**") and the constitution of the Fund ("**Constitution**"). The Responsible Entity has appointed the Manager to manage the investments of the Fund. The Responsible Entity has also appointed BNP Paribas Securities Services, ARBN 149 440 291 ("**BNP**") as the custodian ("**Custodian**") and administrator ("**Administrator**") for the Fund and Computershare Investor Services Pty Limited ACN 078 279 277 ("**Computershare**") as the unit registrar for the Fund ("**Unit Registrar**"). Subject to the relevant agreements between the Responsible Entity and BNP, the Responsible Entity, in its discretion, may change the Custodian and Administrator from time to time and appoint additional service providers.

3. About the Janus Henderson Tactical Income Active ETF (Managed Fund)

About the Fund

The Fund is an additional unit class of the existing Janus Henderson Tactical Income Fund which will trade on the Exchange. In this PDS, where we refer to the Fund's investments we are generally referring to the underlying assets that the Fund is exposed to through its investment in the Underlying Funds.

Benefits of investing in the Fund

Significant features

The Fund is an integrated and diversified fixed income solution designed to make tactical investment decisions between cash, longer duration fixed interest securities and higher yielding securities, throughout every step of the investment cycle.

Significant benefits

Investing in the Fund offers a range of benefits, including:

- **Exposure to investment opportunities:** Access to investment opportunities that individual investors may not be able to achieve on their own.
- **Professional management:** Access to a highly experienced investment management team with a proven track record of managing diversified cash and fixed income portfolios.
- **Global presence:** Access to the investment knowledge and expertise of Janus Henderson's global network of investment professionals.
- **Access your information:** You can keep regularly updated on your investment in the Fund and access Fund investment performance information at www.janushenderson.com/en-au/investor/documents. In addition you will receive regular unitholder statements and an annual tax statement and can access these statements through an online portal.
- **Diversification:** The Fund will provide you with the ability to diversify your portfolio through holding a single security.

- **Liquidity and transparency:** As a traded security, the Fund enables you to enter and exit your investment on the Exchange anytime during trading hours.
- **Lower cost:** Since exchange traded products are typically able to achieve lower operating costs, the management fees are generally lower compared to other forms of retail managed funds. However, brokerage or adviser fees may still apply when buying or selling the Fund.

Investment objective

The Fund seeks to achieve a total return after fees that exceeds the total return of the Benchmark, by investing in a diversified portfolio of predominantly Australian income producing assets.

Asset allocation

	Indicative asset allocation range (as % of NAV)
Cash	0-100
Cash Enhanced	0-100
Australian Fixed Interest	0-100
High Yielding Securities	0-20*

* The maximum aggregate exposure to sub-investment grade securities will not exceed 10% of NAV. The maximum exposure to global high yielding securities will not exceed 10% of NAV.

The Fund will primarily invest in units of the Underlying Funds and some cash.

Benchmark

Bloomberg AusBond Bank Bill Index and Bloomberg AusBond Composite 0+ Yr Index, equally weighted.

Investment policy/approach

The Fund is an actively managed strategy that invests in a wide range of cash and fixed interest securities. These include debt issued by banks and other corporations, mortgage and other asset backed securities and government, semi-government and supra-national bonds. The Fund may also allocate to Australian and global high yielding securities when attractive opportunities are identified.

The Fund is designed to leverage the considerable expertise of the Manager and provides the flexibility to tactically and actively

allocate the Fund's assets based on their assessment of the outlook for the Australian and global economy, interest rates and fundamentals of the corporate sector within the context of the credit cycle.

The flexible asset allocation ranges and fundamentally driven approach allows the Manager to meaningfully adjust the level of fixed interest exposure to both enhance performance in periods of falling interest rates and, conversely, to protect value from the adverse impact of rising yields.

The overall level of credit risk within the Fund is actively adjusted to reflect the Manager's assessment of fundamentals and valuations within the corporate debt market.

The Fund may have exposure to non-Australian dollar denominated securities including limited exposure to non-Australian debt issuers. Where the Fund invests in non-Australian dollar denominated securities, the associated foreign currency exposure will be as close to fully hedged as is practicable using appropriate derivative instruments.

Derivative use

Derivatives may be used solely for investment and risk management purposes and cannot be used to gear the Fund. The Fund will always hold 90% or more of the NAV of the Fund in Australian and international fixed interest securities, cash, cash equivalents and no more than 10% of the NAV in aggregate (net) derivative value.

The Fund and via its investment in the Underlying Funds, may use over-the-counter ("OTC") derivatives. The form of collateral held for OTC derivatives is legally agreed between counterparties and the relevant exchange. Cash is an example of an approved collateral instrument.

For OTC derivatives, limits on counterparty exposure are in place so that the Fund's portfolios do not have excessive counterparty exposure and margining is managed daily. The aggregate exposure of the Fund to all OTC derivative counterparties, including assets held by the Fund as collateral under an OTC derivative, is managed so that it does not exceed a maximum of 10% of the NAV of the Fund.

In respect of the OTC derivatives, the Responsible Entity must disclose on a monthly basis:

- the aggregate exposure of the Fund to all OTC derivative counterparties as a percentage of the NAV of the Fund; and

- the value of the assets held by the Fund (excluding the value of the OTC derivatives but including any collateral obtained under the OTC derivatives) as a percentage of the NAV of the Fund.

Environmental, social and ethical factors and labour standards

Janus Henderson is a signatory of the United Nations Principles for Responsible Investment, a set of principles designed to highlight the financial relevance of environmental, social and corporate governance issues.

The Responsible Entity has delegated investment decisions for the purposes of selecting, retaining or realising investments for the Fund to the Manager pursuant to the investment management agreement.

The Manager takes labour standards, environmental, social and ethical considerations into account when selecting, retaining or realising investments. The Manager believes that a holistic view of investments including consideration of factors such as environmental, social and governance (“**ESG**”) factors will promote a well-rounded approach to investing with better return outcomes for clients.

The Manager may look at a range of ESG considerations and use a range of tools and methodologies to assist with decision making. Janus Henderson has a dedicated Governance and Responsible Investment (“**GRI**”) unit, who work closely with the Manager and support the team. The GRI unit operates a range of ESG screens and tools with the aim of identifying material ESG issues that the Manager may consider as part of the valuation process.

The Manager may review the Fund’s investments, on a case by case basis, in light of any ESG issues researched and raised, and may take steps to realise, reduce or cease making further investments in organisations or securities which are negatively affected by ESG considerations.

However, the Manager does not have a predetermined view on which ESG considerations are to apply or a fixed methodology or weightings for taking ESG considerations into account when selecting, retaining and realising investments of the Fund.

4. About the Exchange Operating Rules

Exchange Operating Rules Framework

An application has been made for units in the Fund to be quoted for trading on the Exchange under the Exchange Operating Rules. The Exchange Operating Rules are accessible at www.chi-x.com.au.

The Exchange Operating Rules have been designed to offer greater flexibility and are

specifically designed for managed funds and ETFs.

The following table highlights the key differences between the listing rules which relate to listed investment products, as that term is defined in the Corporations Act, and an investment product that is quoted on the Exchange under the Exchange Operating Rules. The Corporations Act provides that a company, managed investment scheme or other body is listed if it is included in the official list of a prescribed financial marker operated in this jurisdiction.

	Products listed on the official list of a prescribed financial market operated in Australia i.e. the ASX	Products quoted under the Exchange Operating Rules
Control	An issuer controls the value of its own securities and the business it runs. The value of those securities is directly influenced by the equity issuer's performance and conduct. E.g. the management and board generally control the fate of the business and, therefore, have direct influence over the share price.	An issuer of a product quoted under the Exchange Operating Rules does not control the value of the assets underlying its product. It offers a product that gives investors exposure to underlying assets – such as shares, bonds, indices, currencies or commodities. The value (price) of products quoted under the Exchange Operating Rules is dependent on the performance of the underlying assets rather than the financial performance of the issuer itself e.g. a managed fund issuer does not control the value of the shares it invests in.
Continuous disclosure	Products under the ASX Listing Rules are subject to the continuous disclosure requirements under ASX Listing Rule 3.1 and section 674 of the Corporations Act.	<p>Issuers of products quoted under the Exchange Operating Rules are not subject to the continuous disclosure requirements under ASX Listing Rule 3.1 and section 674 of the Corporations Act.</p> <p>There is a requirement under Rule 14.29 of the Exchange Operating Rules that an issuer of a product quoted under the Exchange Operating Rules provides the Exchange with any information that is not generally available and that may lead to the establishment of a false market in its products or would otherwise impact the price of its products.</p> <p>Under the Exchange Operating Rules (as amended by the Exchange from time to time) issuers of managed funds must also disclose certain information, as may be amended by Chi-X from time to time. As at the date of this PDS, Janus Henderson as an issuer of a product quoted on the Exchange is required to disclose:</p> <ul style="list-style-type: none"> • information about the Fund's NAV each Business Day and whenever the Responsible Entity's management activities cause the Fund's NAV to move by more than 10% since the last reported NAV; • net monthly applications and redemptions; • information about dividends and distributions paid to unitholders and any distribution or dividend statements (or information) that is

	Products listed on the official list of a prescribed financial market operated in Australia i.e. the ASX	Products quoted under the Exchange Operating Rules
		<p>made available or provided to unitholders; and</p> <ul style="list-style-type: none"> any other information that is required to be disclosed to ASIC under s675, 1017B or s323DA of the Corporations Act must be disclosed to the Exchange via the Chi-X announcements platform at the same time it is disclosed to ASIC.
Periodic disclosure	<p>Products under the ASX Listing Rules are required to disclose half yearly and annual financial information or annual reports under Chapter 4 of the ASX Listing Rules.</p>	<p>Under the Exchange Operating Rules, issuers are not required to disclose their half yearly and annual financial information or annual reports.</p> <p>Responsible entities of products quoted on the Exchange that are registered managed investment schemes are, however, still required to lodge financial reports for those managed investment schemes with the Exchange at the same time as they are provided to ASIC and investors. As at the date of this PDS, the Responsible Entity as an issuer of a product quoted on the Exchange is required to disclose:</p> <ul style="list-style-type: none"> within 5 Business Days of the end of each month, the total number of individual units on issue on the last Business Day of that month; and in the case where the Fund's aggregate notional exposure to all OTC derivatives is greater than 5% of the Fund's NAV, within 5 Business Days of the end of each month, the exposure of the Fund to all OTC derivative counterparties as a percentage of the NAV of the Fund and the value of the assets (excluding the value of OTC derivatives, but inclusive of collateral) held by the Fund as a percentage of the NAV of the Fund.
Corporate control	<p>Requirements in the Corporations Act and ASX Listing Rules in relation to matters such as replacement of the Responsible Entity, takeovers, buy-backs, change of capital, new issues, restricted securities, directors' interests and substantial shareholding disclosures apply to companies and schemes.</p>	<p>Certain requirements in the Corporations Act and the ASX Listing Rules in relation to matters such as takeover bids, buy-backs, change of capital, new issues, restricted securities, disclosure of directors' interests and substantial shareholdings that apply to companies and listed schemes do not apply to products quoted under the Exchange Operating Rules.</p> <p>Under the Exchange Operating Rules, issuers are subject to a general requirement to provide the Exchange with any information concerning itself that is not generally available and which may lead to the establishment of a false market or otherwise impact the price of its product.</p> <p>Section 601FM of the Corporations Act continues to apply in relation to the removal of a responsible entity of a registered managed investment scheme</p>

	Products listed on the official list of a prescribed financial market operated in Australia i.e. the ASX	Products quoted under the Exchange Operating Rules
		by an extraordinary resolution of members.
Related party transactions	Chapter 10 of the ASX Listing Rules, relating to transactions between an entity and persons in a position to influence the entity, specifies controls over related party transactions.	Chapter 10 of the ASX Listing Rules does not apply to products quoted on the market operated by the Exchange. The Fund, as a registered managed investment scheme, is subject to Chapters 2E and 5C.7 of the Corporations Act.
Auditor rotation requirements	There are specific requirements regarding auditor rotation in Part 2M.4 Division 5 of the Corporations Act.	Issuers of products quoted under the Exchange Operating Rules are not subject to the requirements under Part 2M.4 Division 5 of the Corporations Act. Responsible entities of registered managed investment schemes will continue to be required to undertake an independent audit of its compliance with the scheme's compliance plan in accordance with section 601HG of the Corporations Act and the auditor must not be the auditor of the scheme's financial statements (though they may be from the same firm).

Compensation

Retail investors who suffer loss as a result of the misappropriation or fraudulent misuse of their money, property or authority by an Exchange participant, may be eligible to claim compensation under the Exchange compensation arrangements.

The arrangements are outlined in section 11 of the Exchange Operating Rules which, along with the claim form that may be used, are available at www.chi-x.com.au/compliance. At the time of drafting this PDS, the National Guarantee Fund has no current application in relation to secondary market trading in funds quoted by the Exchange, as the Exchange is not currently a member of Securities Exchange Guarantee Corporation Limited.

CHESS

The Clearing House Electronic Subregister System ("CHESS") performs two major functions in relation to trading on the Exchange:

- facilitates the clearing and settlement of trades in products and shares traded on the Exchange; and
- provides an electronic subregister for products and shares traded on the Exchange.

The Unit Registrar will maintain an electronic subregister with CHESS on behalf of the Responsible Entity. The Responsible Entity will not issue investors with certificates in respect of their units. Rather, when investors purchase units on the Exchange, Issuer Sponsored Holders will receive a holding statement from the Unit Registrar which will set out the number of units they hold, together with the 'Securityholder Reference Number'. CHESS Holders will receive a holding statement which will set out the number of units they hold, together with a 'Holder Identification Number' allocated by CHESS.

5. Investment risks

All investments carry risk. Different strategies may carry different levels of risk, depending on the assets that make up the strategy. Assets with the highest long-term returns may also carry the highest level of short term risk.

There are significant risks associated with managed investment schemes generally. The level of risk for each person will vary depending on a range of personal factors including your age, investment time frame, where other parts of your wealth are invested and your risk tolerance.

The key risks of investing in the Fund are:

The value of your investment will vary over time. The level of returns will vary and future returns may differ from past returns. Returns are not guaranteed and you may lose some of your money. Laws affecting the Fund may change in the future.

None of the Responsible Entity, its associates or its related bodies corporate guarantees that the investment objective for any Portfolio will be achieved, that you will earn any return on your investment or that your investment will gain in value or retain its value.

Key risk	Description of risk
Interest rate risk	The risk that fixed interest securities will decline in value because of changes in interest rates. For example, as interest rates rise, the value of certain securities held by the Fund may decrease in value. This risk increases as the term of the security (duration) increases.
Credit risk	The risk that the issuer of the fixed interest security in which the Fund invests may not meet its obligations in full and/or on time to pay interest and repay capital. For example, the Fund could lose money if the issuer of a fixed interest security is unable or unwilling to make interest or principal payments on a fixed interest security that is held by the Fund.
Market risk	The risk that the market price of an investment may fluctuate as a result of factors such as economic conditions, regulations, sentiment and geopolitical events as well as environment, social and technological changes. These fluctuations will affect the value of the investments in each Underlying Fund which will impact the NAV price and the market price of the Fund.
Active management risk	The risk that the Fund's performance may deviate significantly from the performance of the relevant benchmark due to the active management of the Manager. The Fund does not invest in a predetermined basket of securities such as an index and so weightings to investments will differ from the benchmark.
Derivatives risk	The risk that the value of a derivative fails to move in line with the underlying asset or as expected, or the risk of potential illiquidity in a derivative and the possibility that the derivative position is difficult or costly to reverse. The Fund may invest in both exchange traded and OTC derivatives to pursue its investment strategy and for risk management purposes. In relation to OTC derivatives, exposure to counterparty risk exists as well as the risk that contractual obligations may be non-standard or differ as between counterparties.
Liquidity risk	The risk that the Fund may be exposed to securities which may be difficult or impossible to sell, either due to factors specific to that security or to prevailing market conditions. It may not be possible to sell such securities when it is desirable to do so or to realise what the Manager perceives to be their fair value in the event of a sale.
Manager risk	The risk that the Manager will not achieve the Fund's stated investment objectives and/or it may underperform the relevant benchmark or may not deliver returns that compare favourably to other investment managers in the same asset class. Many factors can negatively impact the Manager's ability to generate acceptable returns, including for example, loss of key staff.

Key risk	Description of risk
Currency risk	<p>The risk that the value of investments of the Fund will change due to movements in the exchange rate between the local currency and the Australian dollar. This risk can arise because the Fund may hold securities domiciled outside Australia or securities denominated in currencies other than the Australian dollar. While any foreign currency exposure will be as close to fully hedged as is practicable, there is a risk the Fund may be under or over-hedged from time to time.</p>
Counterparty risk	<p>The risk that loss from the failure of another party (a counterparty) to a contract to meet its obligations occurs. Counterparty risk arises primarily from 'over-the-counter' transactions involving derivatives. Substantial losses can be incurred by the Fund if a counterparty is unable or unwilling to meet its contractual obligations.</p> <p>Counterparty risk may arise in creation/ redemption transactions involving an Authorised Participant. The Responsible Entity mitigates this risk by performing high quality credit checks for all Authorised Participants.</p> <p>The Fund is also, to a certain extent, reliant on external service providers, such as the Unit Registrar, Custodian and Administrator to provide services in connection with the operation of the Fund. There is a risk that these service providers may default on the performance of their obligations or seek to terminate these arrangements resulting in the Fund having to seek an alternative service provider meaning that investment activities and other functions of the Fund may be affected.</p>
Security specific risk	<p>The risk that investments by the Fund in a security will be subject to many of the risks to which that particular security is itself exposed. These risks may impact the value of the security. These risks include factors such as changes in management, actions of competitors and regulators, changes in technology and market trends. These factors may cause a security to perform adversely and where the Fund has exposure to that security may reduce the unit price of the Fund.</p>
Fund risk	<p>The risk that changes to the Fund and/or the Underlying Funds, such as termination of the Fund and/or an Underlying Fund, changes to fees, or changes in government policies (including taxation), regulations and laws that may affect the Fund and/or an Underlying Fund, can have an impact on your potential investment return.</p> <p>There is also a risk that investing in the Fund may give different results from holding the Underlying Funds directly because of income or capital gains accrued in the Underlying Funds at the time of investing and applications and redemptions may by investors in the Underlying Funds.</p>
Trading risk	<p>The Fund is quoted for trading on the Exchange under the Exchange Operating Rules and there is a risk that the Exchange may under certain circumstances suspend trading or even remove the Fund from quotation on the Exchange. Under these circumstances, we may take measures, such as suspending the creation and redemption process or even removing the Fund from quotation on the Exchange. The Exchange also imposes certain requirements for the units to continue to be quoted. To mitigate the risk in relation to the Fund, we will use our best endeavours to meet all Exchange requirements to ensure the units in the Fund remain quoted, including putting in place compliance and monitoring procedures. However, there is no guarantee that these requirements will always be met.</p> <p>Unlike some exchange quoted funds which disclose every underlying asset on a daily basis, the Fund will not disclose every underlying asset but rather the Fund and the market maker will agree on a daily Pricing Basket which will assist the market maker to determine the trading price of a unit. The Pricing</p>

Key risk	Description of risk
	<p>Basket is intended to represent the value of the Fund during a Business Day and is used to determine the iNAV. Alternatively, the NAV price is based on the value of every underlying asset in the Fund. Therefore, there is a risk that the NAV price and iNAV price applicable to a unit may differ from the trading price of a unit on the Exchange. There is also risk that the market value of the Pricing Basket may differ from the market value of the Fund. The trading price is also dependent upon a number of other factors, including demand for the units in the Fund, the prevailing cost of capital, the cost of acquiring the units and the volatility inherent in the underlying securities. This risk is mitigated as the application and redemption mechanism is designed to minimise the likelihood that the units will trade on the Exchange at a significantly different price to the NAV price. The risk is further mitigated as the Pricing Basket is a portfolio of securities selected to track the movements of the Fund as close as possible.</p>
Market making risk	<p>Under the Exchange Operating Rules, the Responsible Entity has certain market making obligations in respect of the Fund, in particular to facilitate an orderly and liquid market, and to meet these obligations the Responsible Entity has appointed a lead market maker. Notwithstanding, there are no assurances that there will be a liquid market for the Fund, and an investor's ability to buy or sell units may be restricted. Whilst we monitor our market maker(s)' ability to maintain continuous liquidity to the market, there is no guarantee that these requirements will always be met.</p>
iNAV risk	<p>At any time, the price at which the units in the Fund trade on the Exchange may not reflect accurately the NAV of each such unit. The adoption of a robust pricing methodology for the iNAV is intended to minimise this differential, as is the role of the market maker but will not be able to eliminate it entirely.</p> <p>The market price and iNAV price may also deviate because the market price of the units in the Fund is a function of supply and demand amongst investors wishing to buy and sell such units and the bid-offer spread the market maker is willing to quote for those units.</p> <p>The <u>iNAV is indicative only</u> and may incorporate securities for which there is no live market price at the time of calculation and so it may not reflect the actual value of the underlying assets of the Fund.</p>
Class risk	<p>The Fund has been established as a separate class of units in the Janus Henderson Tactical Income Fund, an existing registered managed investment scheme. The Constitution provides that the assets are held on trust for the investors. There is a risk that investors of different classes, such as the Fund, may be exposed to liabilities of another class of units and they could lose some or all of their investment in the Fund. There is also a risk that in the event of an insolvency, the assets of the Fund could be made available to creditors of another class of units in respect of the Janus Henderson Tactical Income Fund.</p>
Settlement risk	<p>The Fund may be exposed to settlement risk as the Fund is reliant on the operation of CHES in respect of the application and redemption processes associated with units in the Fund. The operation of CHES means that the issue of units can proceed independently of the transfer of the consideration for the units. That is, the units could be transferred to the Authorised Participant despite the fact the Authorised Participant has not complied with its obligation to deliver the cash application amount and any balancing cash amount. If an Authorised Participant fails to comply with its settlement obligations, this may adversely impact upon the Fund. Similarly, the Fund may also suffer a loss where the Authorised Participant fails to deliver units in relation to a redemption. The risk is partly mitigated as participants in CHES</p>

Key risk	Description of risk
	are subject to rules of participation, which include sanctions if there is a failure to meet their obligations.
Withdrawal risk	If a situation occurs where the assets that a Fund or an Underlying Fund invests in are no longer able to be readily bought and sold, or market events reduce the liquidity of a security or asset class, there is a risk that the timeframe for meeting withdrawal requests may not be able to be met. This is because it may take longer for a Fund and/or an Underlying Fund to sell these types of investments at an acceptable price. In this case, withdrawals from a Fund may take significantly longer.
Regulatory and tax risk	Laws affecting managed investment schemes may change in the future. Investing in foreign markets with different legal, tax and regulatory systems means that foreign investments are exposed to more risk than Australian assets because of potential changes in legal and regulatory policies, including ongoing compliance and registration requirements.

6. Fees and other costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100 000 to \$80 000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

WARNING: Additional fees may be paid to a financial adviser if you have consulted a financial adviser. You should refer to the Statement of Advice provided by your financial adviser in which details of the fees are set out. If you are investing in the Fund via an IDPS operator, you will need to consider the fees and other costs of the IDPS when calculating the total cost of your investment.

The information in the table below shows the fees and other costs that you may be charged and can be used to compare costs between different simple managed investment schemes.

These fees and costs can be paid directly from your investment, deducted from your investment returns or from the assets of the Fund as a whole. You should read all the information about fees and costs because it is important to understand their impact on your investment.

For information on tax see Section 7. You can use the ASIC calculator to calculate the effect of fees and costs on your account balances.

Janus Henderson Tactical Income Active ETF (Managed Fund)

Janus Henderson Tactical Income Active ETF (Managed Fund)		
Type of fee or cost	Amount	How and when paid
Fees when your money moves in or out of the fund		
<i>Establishment fee</i> The fee to open your investment	Not applicable	Not applicable
<i>Contribution fee</i> The fee on each amount contributed to your investment	If you are not an Authorised Participant – \$0 If you are an Authorised Participant – \$120 for cash applications ¹	Payable only by Authorised Participants. This fee will be payable by Authorised Participants together with the application consideration at the time of applying for units, for cash applications.
<i>Withdrawal fee</i> The fee on each amount you take out of your investment	If you are not an Authorised Participant – \$0 If you are an Authorised Participant – \$120 for cash redemptions	Payable only by Authorised Participants. This fee will be deducted from the redemption proceeds at the time of the redemption, for cash redemptions.
<i>Exit fee</i> The fee to close your investment	Not applicable	Not applicable
Management costs^{2, 4, 5}		
<i>The fees and costs for managing your investment</i>	0.45% per annum of the assets the Fund	The management costs ² of the Fund consist of the following components: 1. The Management Fee component is 0.45% p.a. of the assets of the Fund. ³ The Management Fee is calculated daily and accrued daily in the NAV. It is paid to the Responsible Entity monthly in arrears. 2. The indirect costs component is 0.00% p.a. of the assets the Fund. The indirect costs are deducted from the assets of the Fund and the Underlying Funds as and when they are incurred and reflected in the NAV of the Fund and are not charged separately to unitholders.
Service fees		
<i>Switching fee</i> The fee for changing investment options	Nil	Not applicable

Janus Henderson Tactical Income Active ETF (Managed Fund)

¹ In-kind applications and redemptions are only available if agreed by the Responsible Entity. Additional contribution and withdrawal fees may apply in the case of such applications or redemptions as agreed with the Responsible Entity from time to time.

² All estimates of fees in this section are based on information available as at the date of this PDS. As the Fund is newly established, these figures reflect the Responsible Entity's reasonable estimates at the date of this PDS of the costs that will apply for the current financial year (adjusted to reflect a 12 month period).

³ For wholesale investors the Responsible Entity may, in its discretion and in accordance with relevant ASIC policy and the Corporations Act, negotiate and agree a rebate or waiver of part of the management fee to a person who acquires an interest in the Fund in response to an offer made to them as a wholesale client within the meaning of section 761G of the Corporations Act.

⁴ An allowance for transactional and operational costs may apply to investments into, and withdrawals from, the Fund. Please see 'Transactional and operational costs' below for further information.

⁵ Unless otherwise stated, all fees and costs quoted in this PDS are quoted on an Australian GST inclusive basis and net of any applicable reduced input tax credits ("RITCs").

Example of annual fees and costs for the Fund

This table gives an example of how the fees and costs in the Fund can affect your investment over a one year period. You should use this table to compare the Fund with other managed investment products.

EXAMPLE		Balance of \$50,000 with a contribution of \$5,000 during the year ¹
Contribution fees	\$0 if you are not an Authorised Participant; or \$120 for cash applications if you are an Authorised Participant	For every additional \$5,000 you put in, you will be charged: \$0 if you are not an Authorised Participant; or \$120 if you are an Authorised Participant.
PLUS Management costs ³ comprising of: - management fee: - indirect costs:	0.45% per annum of the assets of the Fund 0.45% 0.00%	And, for every \$50,000 you have in the Fund, you will be charged \$225 each year.
EQUALS Cost of Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year ¹ , you would be charged fees of \$225 (if you are not an Authorised Participant) or \$465 (if you are an Authorised Participant) ^{2,4} . What it costs you will depend on the investment option you chose and the fees you negotiate.

¹ This example assumes the \$5,000 contribution occurs on the last Business Day of that year that the value of the investment is otherwise consistent and therefore the management costs are calculated using the \$50,000 balance only.

² In practice, the actual investment balance of the Fund will vary daily and the actual fees and costs charged which are based on the value of the Fund will therefore also vary daily.

³ All estimates of fees in this section are based on information available as at the date of this PDS. As the Fund is newly established, these figures reflect the Responsible Entity's reasonable estimate at the date of this PDS of costs that will apply for the current financial year (adjusted to reflect a 12 month period).

⁴ Additional fees may apply. Please see the 'Additional explanation of fees and costs' below for further information.

Additional explanation of fees and costs

Management costs of the Janus Henderson Tactical Income Active ETF (Managed Fund)

Management costs comprise of the fees or costs that a unitholder incurs by investing in the Fund rather than investing directly in the underlying assets. Management costs are payable from the Fund's assets and are not paid directly from your investment. As at the date of this PDS, management costs of the Fund comprise of a management fee and indirect costs.

Management fee

The management fee of 0.45% per annum of the assets of the Fund is payable to the Responsible Entity for managing the assets of the Fund and overseeing the operations of the Fund ("Management Fee"). The Management Fee is accrued daily and is paid from the Fund monthly in arrears. If we increase the Management Fee, we will provide you with 30 days' written notice in advance.

Expenses

The Constitution allows the Responsible Entity to be reimbursed for expenses incurred in the proper performance of the Fund's day to day operations. As at the date of this PDS, the Responsible Entity pays these ordinary operating expenses (such as investment management fees, custody charges, administration and accounting costs, registry fees, audit and tax fees and unitholder reporting expenses) out of the Management Fee, at no additional charge to you. However, if the Responsible Entity incurs extraordinary expenses such as expenses incurred in holding a unitholder meeting, then the Responsible Entity may deduct these extraordinary expenses from the Fund's assets. We do not believe we can reliably estimate extraordinary expenses but expect that the circumstances which cause such costs to be incurred will not regularly occur.

Indirect costs

Indirect costs are any amount, not already disclosed as a fee or cost that the Responsible Entity knows, or may reasonably estimate, has or will reduce, directly or indirectly, the performance return of the Fund or the amount or value of the income of, or property attributable to, the Fund or an underlying fund in which the Fund invests. This may include expenses which are not covered by the Management Fee and fees and costs incurred in respect of investments in other managed funds and costs involved in trading certain derivative products which may form part of the Fund's investment strategy.

Management fee and indirect costs of investments in other managed funds

The Fund does not pay a management fee in respect of investments in other managed funds, including the Underlying Funds. However, where there are expenses incurred by that other managed fund and these are deducted from the assets of that fund, the Fund will bear its pro-rata share of those expenses and these amounts would be treated as indirect costs of the Fund.

Can the fees change?

The fees and costs described in this PDS can change and the Constitution permits higher fees to be charged as well as other fees which are not currently levied. Reasons for changing fees include changes in economic conditions and regulation. We will give you 30 days' written notice in advance of any proposed increase in fees. We cannot charge more than the Constitution allows. If we wish to raise fees above the amount allowed for in the Constitution, we would need the approval of unitholders. We also reserve the right to waive or reduce any of the fees and costs described in this PDS without prior notice. Actual management costs may vary in future years and will be available on our website following the finalisation of the Fund's audited financial statements each year.

Transactional and operational costs

The Fund may incur transactional and operational costs such as brokerage, clearing costs, stamp duty and bid-offer spreads being applied when assets are bought and sold. These costs are not included in the 'management costs' and are an additional cost to you. The transactional and operational costs are recovered from the assets of the Fund as and when incurred, reflected in the Fund's unit price and are not fees paid to the Responsible Entity.

The total transactional and operational costs are expressed as a percentage of the NAV of the Fund. The Responsible Entity reasonably estimates at the date of this PDS that the transactional and operational costs that will apply for the current financial year will be 0.02% p.a. of the NAV of the Fund (adjusted to reflect a 12 month period).

The dollar value of these costs based on an average account balance of \$50,000 is \$10 over 12 months. However, such costs for future years may differ.

Buy/sell spread

A buy spread may be charged to you when entering the Fund (buying units) and a sell spread may be charged to you when exiting the Fund

(selling units). The buy/sell spread is not a fee paid to the Responsible Entity but rather it is paid to the Fund to cover the transactional and operational costs incurred when applications and redemptions are made. The purpose of the buy/sell spread is to ensure that only those investors transacting in the Fund's units at a particular time bear the Fund's cost of buying and selling the Fund's assets as a consequence of their transaction.

As at the date of this PDS, the Fund does not charge a buy spread or a sell spread. The buy/sell spread may change if transactional and operational costs change and we will not ordinarily provide prior notice. The current buy/sell spread applicable to this Fund can be found on our website at www.janushenderson.com/en-au/investor.

Underlying Funds management fee and indirect costs

The Fund does not pay a management fee to the responsible entity of the Underlying Funds. However, where there are expenses incurred for the Underlying Fund and these are deducted from the Underlying Funds' assets, the Fund will bear its pro-rata share of these and these amounts would be treated as indirect costs of the Fund.

Contribution fee and withdrawal fee for Authorised Participants

A contribution fee and withdrawal fee may be payable by the Authorised Participant on the creation/redemption of units. These fees represent the custody and administration costs associated with the primary market transaction and are payable to the Fund.

In the case of an application for units the contribution fee is payable in addition to the issue price and in the case of a redemption of units the withdrawal fee will be deducted from the redemption proceeds.

The same fee is applied to all creations and redemptions and is a separate flat dollar fee regardless of the size of the transaction.

The fees payable by Authorised Participants seek to ensure that the transaction costs associated with applications and redemptions are borne by the transacting Authorised Participants and not by other investors.

The contribution fee and withdrawal fee is GST inclusive.

No contribution or withdrawal fee will be payable by investors who buy and sell units on the Exchange. However brokerage charges may apply.

Please refer to the "ETF Transaction Guidelines" document which is available by contacting JHIA Operations for further details on the fees and the details on payment. A copy of these guidelines may be obtained free of charge upon request.

Withdrawal costs for non-Authorised Participants

Non-Authorised Participants have a right to redeem their units with us in exceptional circumstances. Please see section 7 for further information.

In these circumstances, we may charge a withdrawal fee. Any withdrawal fee per unit will not be greater than the redemption fee per unit that would be payable by an Authorised Participant for a cash redemption when withdrawing the minimum parcel of units.

Stockbroker fees for all other investors

Non-Authorised Participants will incur customary brokerage fees and commissions associated with buying and selling units on the Exchange.

Fee maximums and changes to fees

The Constitution for the Fund permits fees to be charged that are higher than the fees set out in the PDS, as well as other fees which are not currently levied.

The Responsible Entity may, at its discretion and without your consent, increase any fee up to the maximum amount as set out in the Constitution. However, you will be given 30 days' written notice in advance of any increase in fees and costs charged by the Fund. The following are the maximum fees allowable under each of the Fund Constitution:

- Management Fee (plus GST) – 5%;
- Contribution fee (plus GST) - 5%;
- Withdrawal fee (plus GST) - 5%.

The Constitution for the Fund does not place any limit on the amount of the expenses that can be paid from the relevant Fund.

Product access payments

The Responsible Entity may, subject to the law, enter into arrangements to pay administration fees to IDPS operators in connection with the listing of the Fund on their investment menus. This fee is paid by the Responsible Entity and not by the Fund. It is not charged out of the assets of the Fund and is not an additional charge to unitholders.

Differential fees

We may negotiate, rebate or waive fees for wholesale clients (as defined in the Corporations Act) based on individual negotiation between us and that wholesale client. We do not negotiate fees with retail investors. Relevant investors should contact the Responsible Entity in relation to negotiating fees. See the front cover of this PDS for our contact details.

7. How to transact with Janus Henderson

Primary Market Transactions - Creations and redemptions

Applications to create and redeem units of the Fund must be made by an Authorised Participant. Authorised Participants must enter into an Authorised Participant Agreement with the Responsible Entity and will be required to comply with any additional requirements set out in that agreement. For a copy, please contact JHIA Operations.

To create or redeem units in the Fund, Authorised Participants must complete the ETF application/redemption form attached to this PDS and send it to JHIA Operations by the 'transaction cut off time'.

Other investors looking to acquire or sell units in the Fund may purchase or sell units on the Exchange.

For more information regarding the permissible times for Authorised Participants to submit application/ redemption requests, applicable fees and costs of primary market transactions, appropriate settlement details and transaction confirmations, Authorised Participants should refer to the "ETF Transaction Guidelines" document which is available by contacting JHIA Operations.

Valid applications for units received by JHIA Operations before the required transaction cut-off time on any Business Day will be processed using the application price calculated for that Business Day. Valid applications for units received by JHIA Operations after the required transaction cut-off time on any Business Day or on a non-Business Day will be processed using the application price calculated for the next Business Day.

Under the Constitution, the Responsible Entity reserves the right to refuse any application/redemption request for units to the extent permitted by the Constitution or if the application or redemption is not made in

accordance with the terms of the Authorised Participant Agreement. If the application/redemption is rejected the Authorised Participant will be notified. To ensure that your application is processed efficiently, you need to complete all sections of the ETF application/redemption form and provide all required customer identity verification documents outlined in the ETF application/redemption form.

Creations

An Authorised Participant must apply to create units in cash. The minimum application amount is one Creation Unit unless otherwise agreed with the Responsible Entity. The number of units that constitute a Creation unit for the Fund is 5,000. Only whole units in the Fund will be issued.

The Authorised Participant must transfer to the Fund the corresponding cash amount for the whole number of units and in return, we will issue the Authorised Participant with that number of units.

Units issued pursuant to the ETF application/redemption form will be quoted under the Exchange Operating Rules on the Exchange with effect from the settlement of the issue of the relevant units. On a monthly basis, we will issue to the Exchange the via the Chi-X announcements platform, the Fund's total units on issue.

Redemptions

An Authorised Participant may only apply to redeem units in cash. The minimum redemption is one Creation Unit unless otherwise agreed with the Responsible Entity. Only whole units in the Fund will be redeemed.

The Authorised Participant must transfer the units being redeemed to us for cancellation in return from the corresponding cash amount from the Fund.

In the normal course of business redemptions are paid in cash two Business Days after the redemption is accepted.

In certain circumstances we may be required or permitted by the Fund's Constitution or by law to deduct or withhold amounts relating to tax and other amounts from the redemption proceeds that would otherwise be payable to a unitholder. These amounts (if any) will be deducted from the cash amount that would otherwise be payable to the relevant unitholder in respect of the redemption.

Whilst the scheme known as the Janus Henderson Tactical Income Fund ("Scheme") is

'liquid' for the purposes of the Corporations Act, we will satisfy a redemption request within 21 days of the date on which the redemption request is accepted in accordance with the Constitution.

The Scheme is liquid if 80% of the value of the Scheme's assets comprise of liquid assets. If the Scheme is not liquid, units may only be withdrawn pursuant to a withdrawal offer made to all investors in accordance with the Constitution and Part 5C.6 of the Corporations Act. The Responsible Entity is not obliged to make such offers. As at the date of this PDS, the Responsible Entity expects that the Scheme will be liquid.

Cooling off

Cooling off rights do not apply to purchases of units in the Fund.

Restrictions on the payment of redemptions

The Responsible Entity may, in accordance with the Constitution, suspend its obligation to pay the redemption price in respect of a redemption request it has determined to satisfy, for such period or periods as it considers appropriate in the circumstances.

Redemptions by investors other than Authorised Participants

All unitholders may normally sell their units by trading on the Exchange. Unitholders who are not Authorised Participants will not normally have a right to redeem their units directly with the Fund. However, all unitholders will have a right to a cash redemption and to receive payment within a reasonable time if units are suspended from quotation on the Exchange for more than five consecutive Business Days, unless:

- the Fund is being wound up;
- the Fund is not liquid as defined in subsection 601KA(4) of the Corporations Act; or
- the Responsible Entity has suspended the payment of redemptions in accordance with the Constitution.

Where unitholders have the right to redeem their units directly from the Fund, they will need to complete the ETF application/redemption form and send it to the Responsible Entity by the relevant 'transaction cut-off time'.

Investors wishing to redeem directly from the Fund should refer to the "Direct Redemption Policy" available from Janus Henderson Australia by contacting JHIA Operations.

Transferring units

Subject to the Constitution and the Exchange Operating Rules, a unit is usually transferable through the Exchange. A unit may also be transferred by any other method of transfer which is required or permitted by the Corporations Act and the Market Operator.

Frequency of distributions

The Fund generally pays distributions quarterly, however there may be periods in which no distributions are made, or we make interim distributions. We do not guarantee any particular level of distribution. Distributions are generally calculated based on the Fund's net income at the end of the distribution period divided by the number of units on issue. We attribute all taxable income to unitholders each year, including the net realised gains of the Fund.

Distributions are calculated in accordance with the Constitution. Undistributed gains accrue in the unit price of the Fund during the relevant distribution period. This means that if an investment is made just before the end of a distribution period, you may receive some of the investment back immediately as income or net realised gains.

The Fund's unit price will usually fall following a distribution if the income and net realised gains accumulated during the distribution period have been distributed.

Distribution payments are generally made within 20 Business Days after the end of the distribution period.

Distribution reinvestment

Investors are able to elect to receive distributions in the form of cash or in the form of new units. Investors are able to make the election to receive cash or to participate in the Distribution Reinvestment Plan ("DRP") via the Unit Registrar. If you do not nominate a bank account for payment of distributions, we will treat this as a request to reinvest your distributions. You may change your distribution option online via the share registry website. Distributions will be reinvested using the NAV unit price for the last Business Day of the relevant distribution period, adjusted to exclude the income to be distributed for the distribution period. Where the last day of a distribution period falls on a day that is not a Business Day, the valuations for the NAV unit price for that distribution period will take into account any relevant additional day(s).

8. Taxation

Investing in a registered managed investment scheme is likely to have tax consequences and you are strongly advised to seek professional tax advice. What follows is a general outline of some key tax considerations for Australian resident investors. This tax information does not apply to non-resident investors unless stated otherwise. This information is based on our current interpretation of the relevant taxation laws, and does not consider the investors' specific circumstances. As such, unitholders should not place reliance on this as a basis for making their decision as to whether to invest.

Taxation of the Fund

The Fund will attribute all of its taxable income (if any) each year so that the Fund itself is not subject to tax. As a unitholder you will be assessed for tax on your share of the taxable income generated by the Fund whether distributed or reinvested, in the year of attribution. The timing of when you are required to bring to account the Fund's income for tax purposes may be different to when amounts are distributed to you, so that you may be required to pay tax on income that has not yet been, or may not be, distributed to you. For each year ending 30 June we will send to you the details of assessable income, any net realised capital gains, foreign income, tax credits and any other relevant tax information to include in your tax return.

Distributions to non-Australian investors may be subject to withholding tax.

On your ETF application/redemption form you may provide us with your Tax File Number ("TFN"), TFN exemption or an Australian Business Number ("ABN"), or if you are a non-Australian investor you may indicate your country of residence for tax purposes. It is not compulsory for you to quote a TFN, TFN exemption or ABN, however, if you do not then we may be required to deduct tax from any income distribution payable to you at the maximum personal tax rate plus Medicare levy and any other applicable Government charges. We are permitted to collect TFNs under relevant tax law.

Creation and redemption of units by Authorised Participants

If you subscribe for units part way through a distribution period, the amount of accumulated income which is included in the unit price for the units acquired will be attributed to you as income. Depending on your tax circumstances, this could result in you receiving part of your unit price back

as assessable income, and on disposal of units, generating a capital loss of a similar amount.

If you redeem units part way through a distribution period, the value of accumulated income is included in your redemption price. We will advise you what part (if any) of the proceeds on redemption reflect your share in the net income of a Fund and therefore is assessable income for tax purposes. The balance reflects the capital proceeds on disposal of your units

Acquisition and disposal of units on the Exchange

For a unitholder holding units on a capital account, the amount paid for the units acquired on the Exchange (plus incidental acquisition costs) will be included in the capital gains cost base of the units. The sale of units on the Exchange, will give rise to a CGT event which may result a capital gain or loss to the unitholder. The discount concession may be available to individuals, trustees and complying superannuation entities where the units have been held for at least 12 months. Capital losses must be offset against gross discount capital gains before any CGT discount is applied.

In exceptional circumstances (e.g. where units are suspended from quotation for more than 5 consecutive Business Days), units of a non-Authorised Participant may be redeemed. In this event, unitholders should seek professional taxation advice regarding the taxation implications of the redemption.

Foreign taxes and foreign tax compliance

Australian residents are required to include in their assessable income their share of any foreign taxes paid by the Fund. Australian residents will normally be entitled to a tax offset for foreign taxes paid by the Fund.

The Responsible Entity believes that the Fund will be required to comply with the Foreign Account Tax Compliance Act ("FATCA"), a US tax law which was enacted for the purpose of improving tax information reporting regarding US persons in respect of their offshore investments to the United States Internal Revenue Service ("IRS").

In order to comply with FATCA requirements, the Responsible Entity:

- may require investors to provide certain information regarding their identification and will undertake certain due diligence
- procedures with respect to investors of the Fund to determine their status for FATCA reporting purposes. This

information may be required at the time an application is made for the issue of units in the Fund or at any time after the units have been issued; and

- will report annually to the IRS, via the Australian Taxation Office ("**ATO**"), in relation to relevant investors' financial information required by the ATO (if any) in respect of any investment in the Fund.

Accordingly, by making an application to invest in the Fund, prospective investors agree to provide the Responsible Entity with certain identification and related information in order to enable it to comply with its obligations in connection with FATCA.

Common reporting standards

The Common Reporting Standard ("**CRS**") is the single global standard for the collection, reporting and exchange of financial account information on foreign tax residents. Australia has signed the OECD Multilateral Competent Authority Agreement on Automatic Exchange of Account Information. This agreement enables CRS information to be exchanged between jurisdictions' tax authorities where relevant legislation has been adopted. The Responsible Entity is required to collect certain information about foreign tax residents (including New Zealand tax residents) to provide to the ATO. The ATO may pass this information onto tax authorities in other jurisdictions who have adopted the CRS. CRS reports are due to the ATO by 31 July each year containing information for the preceding calendar year. The requirements are similar to those which exist under FATCA; however, there are a greater number of countries in respect of which the ATO may provide information to the respective tax authorities.

GST

The application for and withdrawal of units in the Fund and receipt of distributions will not be subject to GST in Australia. However, GST is payable on our fees and certain reimbursement of expenses. The Fund may be able to claim input tax credits and/or RITCs in respect of the GST incurred.

Unless otherwise stated, all fees quoted in this PDS are quoted on an Australian GST inclusive basis and net of any applicable RITCs.

9. Additional information

Fund structure, unit pricing and valuation of the Fund's assets

The Fund is a class of units in the Janus Henderson Tactical Income Fund, an existing Australian registered managed investment scheme.

The total value of the assets in the Janus Henderson Tactical Income Fund is divided into 'units'. Each unit that a unitholder holds in the Fund gives a unitholder a beneficial interest in the Janus Henderson Tactical Income Fund as a whole, but not in any particular asset of the Janus Henderson Tactical Income Fund. Holding units in the Fund does not give a unitholder the right to participate in the management or operation of the Janus Henderson Tactical Income Fund. Each unit in the Fund is of equal value and identical rights are attached to all units in the same class as the Fund.

Under the Constitution, the unit price is generally calculated each Business Day based on the NAV of the Fund divided by the number of units on issue in the Fund. The NAV of the Fund is the value of the assets of the Fund (including income accumulated since the previous distribution) less any liabilities of the Fund (including borrowings and expenses).

When calculating the NAV, we use the most recent valuation of the Fund's assets and most recent determination of the Fund's liabilities. The Fund's assets and liabilities will usually be valued each Business Day.

The unit price will change as the market value of assets in the Fund rises or falls. All unit prices are calculated to four (4) decimal places. Any rounding benefits will be retained by the relevant Fund.

Janus Henderson Australia's unit pricing discretion policy contains further detail about how the NAV per unit is calculated. This policy is available on our website www.janushenderson.com/en-au/investor/documents. A copy of this policy may be obtained free of charge upon request.

Constitution

The Fund is governed by a Constitution. The Constitution (in addition to the Corporations Act, the Exchange Operating Rules and general law) provides an operational framework for the ongoing management of the Fund. It also provides for the Responsible Entity's powers, duties and obligations in respect of the Fund, the limits to our liability and our right to be indemnified for proper administration of the Fund.

The Constitution contains the rules in relation to the following:

- unitholder rights;
- the process by which units are issued and may be withdrawn;
- the calculation and distribution of income;
- the investment powers of the Responsible Entity
- the valuation procedures for the Fund;
- the retirement or requirement to retire of the Responsible Entity;
- the Responsible Entity's right to claim indemnity from the Fund and charge fees and expenses to the Fund;
- the Responsible Entity's right to create classes of units; and
- the termination of the Fund.

We may alter the Constitution subject to the Exchange Operating Rules if we reasonably consider that the amendments will not adversely affect unitholders' rights. Otherwise, subject to any exemptions under general law, we must obtain unitholder approval at a meeting of unitholders.

A copy of the Constitution, which has been lodged with ASIC, is available free of charge to unitholders by contacting the Responsible Entity.

Termination

The Constitution, together with the Corporations Act, governs how and when the Fund may be terminated. We may terminate the Fund at any time by written notice to unitholders. On termination, a unitholder is entitled to a share of the net proceeds of our realisation of the assets in proportion to the number of units they hold.

Unitholder meetings

The conduct of unitholder meetings and unitholders' rights to requisition, attend and vote at those meetings are subject to the Corporations Act and (to the extent applicable) the Constitution.

Compliance plan and compliance committee

The Fund has a compliance plan which has been lodged with ASIC ("**Compliance Plan**"). It sets out measures that the Responsible Entity is to apply in operating the Fund to ensure compliance with the Constitution. A compliance committee has been appointed to monitor compliance by the Responsible Entity with the Constitution and Compliance Plan. A copy of the Compliance Plan is available free of charge on request by contacting the Responsible Entity.

Investor communication

Janus Henderson Australia is subject to regular reporting and disclosure obligations in its capacity as Responsible Entity of the Fund and issuer of the units. The following information relating to the Fund can be obtained by visiting our website at www.janushenderson.com/australia:

- the NAV monthly for the Fund;
- the daily NAV per unit for the Fund;
- a daily Pricing Basket and ETF Risk Report in relation to the underlying investments of the Fund;
- the latest PDS for the Fund;
- details of any continuous disclosure notices given by Janus Henderson Australia to ASIC or the Exchange;
- details of distribution announcements given by Janus Henderson Australia to the Exchange via the Chi-X announcements platform;
- annual reports and financial statements;
- half-yearly financial reports announced by Janus Henderson Australia via the Chi-X announcements platform;
- the total number of units in the Fund on issue (available monthly via the Chi-X announcements platform);
- information about the distributions for the Fund and details of the DRP; and
- ETF Risk metrics report.

Continuous disclosure

Where the Fund is, or becomes, a "disclosing entity" (generally this will occur when the Fund has 100 investors or more) the Fund will be subject to regular reporting and disclosure obligations. We will comply with our continuous disclosure obligations under the law by publishing new material information about the Fund on our website www.janushenderson.com/en-au/investor/documents, in accordance with ASIC's good practice guidance on website disclosure.

In addition, you would have the right to receive the following documents at no charge:

- the annual financial report most recently lodged with ASIC;
- any half-year financial report lodged with ASIC by the Fund after the lodgement of the annual report most recently lodged with ASIC and before the date of this PDS; and
- any continuous disclosure notices given by the Fund after the lodgement of the annual report most recently lodged with ASIC and before the date of this PDS.

Copies of documents lodged with ASIC in relation to the Fund can be obtained from, or inspected at, an ASIC office.

Manager

The Responsible Entity has appointed Janus Henderson Investors (Australia) Institutional Funds Management Limited, ABN 16 165 119 531, AFSL 444266 ("**Manager**") as the investment manager of the Fund.

The Manager has given and has not withdrawn its consent to its name appearing in the PDS of the Fund and to references and statements in the PDS concerning the Manager in the form and context in which they are included. Other than the consent provided, the Manager does not take any responsibility for any other part of this PDS and has not authorised or caused the issue of this PDS.

The Administrator & Custodian

The Responsible Entity has appointed BNP Paribas Securities services, ARBN 1149 440 291 ("**BNP**") as the custodian ("**Custodian**") and administrator ("**Administrator**") for the Fund. Subject to the relevant agreements between the Responsible Entity and BNP, the Responsible Entity, in its discretion, may change the Custodian and Administrator from time to time and appoint additional service providers.

As the Custodian of the Fund, BNP is responsible for holding the assets of the Fund. As the Administrator, BNP provides administration services in relation to the Fund, which includes keeping the register of unitholders, arranging for the issue and withdrawal of units and calculation of asset valuations and fees.

BNP has given, and not withdrawn, its consent to being named in this PDS as the Administrator and Custodian of the Fund on the basis that BNP has

not independently verified the information contained in this document, has not been involved in the preparation of this document, nor has it caused or otherwise authorised the issue of this document. Neither BNP nor its employees or officers accept any responsibility or liability arising in any way for errors or omissions in this document. BNP does not guarantee the success or the performance of the Fund nor the repayment of capital or any particular rate of capital or income return, or any increase in the value of the Fund.

Unit Registrar

The Responsible Entity has appointed Computershare Investor Services Pty Limited ACN 078 279 277 ("**Computershare**") to provide unit registry services for the Fund ("**Unit Registrar**"). As Unit Registrar for the Fund, the services that Computershare will undertake include maintenance of the unit registry, issuance of correspondence and issuer sponsored statements, payment services, bank reconciliation and settlement services.

Computershare has given, and not withdrawn, its consent to being named in this PDS as the Unit Registrar of the Fund on the basis that Computershare has not independently verified the information contained in this document, has not been involved in the preparation of this document, nor has it caused or otherwise authorised the issue of this document. Neither Computershare nor its employees or officers accept any responsibility or liability arising in any way for errors or omissions in this document. Computershare does not guarantee the success or the performance of the Fund nor the repayment of capital or any particular rate of capital or income return, or any increase in the value of the Fund.

Market maker

Under the Exchange Operating Rules, Janus Henderson Australia has certain obligations in respect of the Fund to facilitate an orderly and liquid market in the Fund. We may appoint a market maker to maintain continuous liquidity to the market by acting as a buyer and seller to the secondary market.

A market maker will create and redeem units as required and provide buy and sell prices to the secondary market, to satisfy investors demand and supply for units.

Each Business Day the Pricing Basket and NAV prices are published, allowing the market maker to

calculate the price of the Fund. The market maker applies a buy and sell spread to the value of the Fund and publishes these prices on the Exchange, continuously updating the prices throughout the Business Day to reflect changes in value of the Fund. The market maker trades on the Exchange with investors who are buying or selling the units in the Fund.

Janus Henderson Australia seeks to appoint market makers that:

- have the necessary skill and expertise to perform a market making function;
- have experience in making markets in ETPs and other types of listed securities in both Australia and overseas; and
- are the Exchange participants and have agreements with the Exchange to act as a market maker.

Subject to the Exchange Operating Rules, we may replace a market maker appointed in respect of the Fund or appoint additional market makers.

Unitholders' rights

The rights of a unitholder in the Fund are set out in the Constitution for the Fund.

Some of these rights include the right to:

- request a withdrawal of units (please refer to section 7 for information on withdrawals from the Fund);
- direct the Responsible Entity to wind up the Fund;
- receive income and capital distributions;
- participate in distributions upon termination or winding up of the Fund after the Fund's liabilities and expenses have been discharged; and
- attend and vote at unitholder meetings.

Limitation of unitholders' liability

The liability of unitholders is limited by the Constitution to the amount subscribed and agreed to be subscribed by unitholders for their units. The Constitution provides that a unitholder need not indemnify the Responsible Entity or any other person if there is a deficiency in the assets of the Fund as compared to liabilities. However, the Responsible Entity cannot give an absolute assurance that a unitholder's liability is limited in all circumstances as this issue has not been finally determined in court.

Related party contracts

We may appoint any of our related bodies corporate to provide services or perform functions in relation to the Fund, including acting as the investment manager or our delegate. We may also enter into financial or other transactions with related bodies corporate in relation to the assets of the Fund, and may sell assets of the Fund to, or purchase for the Fund assets from, a related body corporate. The appointment of related bodies corporate will be on commercial arms' length terms, for reasonable remuneration and will be subject to regular review.

Identification and verification requirements

The Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (Cth) ("**AML/CTF Act**") requires the collection and verification of specific information from investors and beneficial owners. As well as completing the ETF application/redemption form, you, and where relevant the beneficial owner, may also be required to provide identification. The actual documentation required will depend on what type of investor you are (for example, individual, sole trader, superannuation fund, trust or Australian company). The required identification documents are outlined in the ETF application/redemption form.

Under relevant laws, we may be required to ask you for additional identity verification documents and/or information about you or anyone acting on your behalf, either when we are processing your investment request or at some stage after we have issued units in the Fund. We may pass any information we collect and hold about you or your investment to relevant government authorities. In addition the AML/CTF Act requires the Responsible Entity to disclose information about suspicious matters to regulatory and/or law enforcement agencies and may be prevented from informing you of such disclosure.

If we do not receive all of the required valid customer identity verification documents, or we are unable to verify your identity, we may not be able to process any application or redemption requests until such documents are received. We will contact you as soon as possible if we require more information. Where a transaction is blocked, delayed, frozen or refused, the Responsible Entity is not liable for any loss you suffer (including consequential loss) as a result of compliance with the AML/CTF Act as it applies to the Fund.

Privacy

The Responsible Entity must comply with the *Privacy Act 1988* (Cth) and Australian Privacy Principles, which generally regulates the collection, storage, quality, use and disclosure of personal information. In addition, the Corporations Act and the AML/CTF Act requires the Responsible Entity to collect some personal information about you.

By providing the ETF application/redemption form to JHIA Operations, you consent to the use and disclosure of your personal information by us in the ways described in the manner set out below. The Responsible Entity and, the Administrator and their agents are committed to ensuring the confidentiality and security of your personal information. If you complete the ETF application/redemption form, you will be providing personal information to the Responsible Entity and its agents. We will collect, hold and use your personal information in order to assess your application, service your needs as a unitholder, comply with legislation, provide facilities and services that you request and to carry out appropriate administration of the Fund. The Responsible Entity and its agents may also collect personal information (including sensitive information) about you from third parties, to meet its obligations under applicable legislation. Without this information, we may not be able to process your application or provide you with an appropriate level of service.

In order to use and disclose your personal information for the purposes stated above, we may be required to transfer your personal information to entities located outside Australia where your personal information may not receive the level of protection afforded under Australian law. By completing the ETF application/redemption form, you consent to your personal information being transferred overseas for these purposes. You can contact us for a free copy of our privacy policy which sets out how we use and collect your information, when we disclose your information, how you can access and correct that information, how you can make a complaint regarding our use, holding and disclosure of your personal information and how we deal with such a complaint.

Complaints

The Responsible Entity has a formal complaints handling procedure in place. If you have any concerns or complaints you can contact our Complaints Officer on +61 (0)2 8298 4000.

If you believe that your matter has not been dealt with satisfactorily, you can lodge a complaint with

the Australian Financial Complaints Authority (“**AFCA**”) by calling 1800 931 678 (free call) or by writing to AFCA at GPO Box 3, Melbourne VIC 3001 or by emailing info@afca.org.au. AFCA provides a fair and independent financial services complain resolution that is free to consumers. AFCA is only available to retail clients.

ASIC Relief

Exemption – Unequal treatment in withdrawal from an exchange traded fund

Pursuant to ASIC Instrument 20-0142, ASIC has granted relief under section 601QA of the Corporations Act 2001 from the equal treatment requirement in section 601FC(1)(d), to the extent that it would prevent the Responsible Entity from permitting only Authorised Participants to withdraw from the Fund. For the purposes of this relief, except in exceptional circumstances, only Authorised Participants may withdraw from the Fund, but other unitholders may sell their units on the Exchange. However, if the units are suspended from trading on the Exchange for more than 5 consecutive Business Days, unitholders will have the right to withdraw from the Fund and receive payment for their interests in money within a reasonable time of request unless any of the following apply:

- the Fund is being wound up;
- the Fund is not liquid as defined in subsection 601KA(4) of the Corporations Act; or
- we suspend the payment of redemptions in accordance with the Fund's Constitution.

In the event that such a redemption occurs, any withdrawal fee per unit payable by unitholders who are not Authorised Participants will not be greater than the withdrawal fee per unit that would generally be payable by an Authorised Participant receiving redemption proceeds in cash when withdrawing the minimum parcel of units.

Class Order Relief - Ongoing Disclosure

ASIC has granted relief under Class Order 13/721 under section 1020F(1)(a) of the Corporations Act 2001 from the ongoing disclosure requirements in section 1017B on the condition that the Responsible Entity complies with the continuous disclosure requirements in section 675 of the Corporations Act as if the Fund were an unlisted disclosing entity. The Responsible Entity will comply with these continuous disclosure requirements of the Corporations Act as if the Fund were an unlisted disclosing entity.

Class Order Relief - Periodic Statements

ASIC has granted relief under Class Order 13/1200 which exempts the Responsible Entity from certain periodic statement requirements. In particular, the Responsible Entity is not required to include purchase or sale price information in periodic statements or return on investment information where the Responsible Entity is unable to determine such information and the periodic statement explains why this information is not included and describes how it can be obtained or calculated. In addition, Class Order 13/1200 requires the Responsible Entity to report in the periodic statement whether the Fund has met its investment objective over the last one year and five year periods.

Glossary

AML/CTF Act	<i>Anti-Money Laundering and Counter-Terrorism Financing Act 2006</i> (Cth), as amended from time to time.
Authorised Participant	An Authorised Participant is an entity who is, or who has engaged to act on its behalf, a participant under the Exchange Operating Rules and that has executed an Authorised Participant Agreement with the Responsible Entity. Except in specific circumstances, only Authorised Participants can transact to create or redeem units in the Fund.
Authorised Participant Agreement	An agreement entered into between the Responsible Entity and an Authorised Participant in relation to unit applications and redemptions.
CHESS	Clearing House Electronic Subregister System
Constitution	The constitution of the Fund, as amended from time to time.
Corporations Act	<i>Corporations Act 2001</i> (Cth), as amended from time to time.
ETF	An exchange traded fund.
Exchange Operating Rules	The operating rules of the Exchange, as amended from time to time.
Fund	The Janus Henderson Tactical Income Active ETF (Managed Fund) which is a class of units in the Janus Henderson Tactical Income Fund, a registered managed investment scheme (ARSN 130 944 866).
GST	Goods and services tax.
iNAV	iNAV means the indicative NAV per unit of the Fund. An iNAV per unit will be published by the Fund throughout the Business Day.
Market Maker	The role of a market maker is to calculate prices and provide liquidity in the market for units.
Market Operator/Exchange	The market operator (or exchange) is the quotation and trading venue for the ETF units. For the Janus Henderson Tactical Income Active ETF the market operator is ChiX Australia Pty Ltd.
Net asset value	The net asset value of the Fund is calculated on each day that the Fund is open for business in accordance with the Constitution. The NAV will incorporate the last available value of the assets of the Fund less any liabilities of the Fund.
Pricing Basket	Pricing Basket means a basket of securities that is created to track the price movements of the Fund. It is intended to assist with intra-day pricing and is not for creation/redemption purposes.
Privacy Act	<i>Privacy Act 1998</i> (Cth) as amended from time to time.
Responsible Entity	Janus Henderson Investors (Australia) Funds Management Limited, ABN 43 164 177 244, AFSL 444268
