

CONSERVATIVE FIXED INTEREST FUND

Our investment approach is fundamentally driven and seeks to take advantage of situations where market pricing has become misaligned with economic and investment fundamentals.

Objective

The Janus Henderson Conservative Fixed Interest Fund ("**Fund**") seeks to achieve a total return before fees that exceeds the total return of the Bloomberg AusBond Bank Bill Index ("**Benchmark**") by 0.50% p.a., over rolling three-year periods.

About the Fund

The Fund is an actively managed portfolio of high quality interest bearing securities that seeks to provide returns in excess of cash and a high level of capital protection. Janus Henderson's Australian Fixed Interest Team ("**Team**") seeks to add value using a combination of interest rate and yield enhancement strategies.

Investment philosophy

The Team's investment approach is fundamentally driven and seeks to take advantage of situations where market pricing has become misaligned with economic and investment fundamentals.

The Team believes that investment markets are at times, influenced by non-fundamental factors that cause prices to periodically overshoot their fair value levels. For Australian fixed interest portfolios, the biggest inefficiency that the Team seeks to exploit is the disproportionate impact that short term factors have on the valuation of long term securities.

Using an active approach, the Team seeks to add value relative to market benchmarks by identifying these situations and constructing portfolios to capture value as these mispricings unwind. In Australian fixed interest, this can occur in the absolute level of interest rates, the shape of the yield curve, the relative value between sectors or the pricing of individual securities.

Investment process

The Team follows a three stage portfolio construction process:

1. Fundamental research

The Team initiate the investment process with fundamental research including:

- **Economic outlook:** i.e. driving interest rate management
- **Market research:** i.e. sector allocation
- **Credit research:** i.e. security selection

This research allows the Team to identify periods where there is a gap between market/security pricing and the Team's estimates of fair value. The size of these gaps will determine the interest rate, sector and security strategies determined from the second stage of the investment process.

2. Strategy formulation

The Team apply a range of strategies that include duration and yield curve management (actively managing the maturity profile of the Fund), sector rotation and individual security selection.

From a bottom-up perspective, our credit research uses a three stage filter to determine which securities, and in what magnitude, they find their way into the Fund:

- **Credit analysis:** Assessment of quality, price and the diversification benefits to the portfolio
- **Pricing for risk:** An assessment of "fair value"
- **Investment guidelines:** Sector exposures and concentration limits

3. Portfolio construction

Our proprietary risk tool is used to construct the Fund through the measurement of interest rate risk, sector risk, credit risk and exposure by security type.

Key reasons to invest in the Fund

Exposure to investment opportunities: Access to investment opportunities that individual investors may not be able to achieve on their own.

Local expertise: Access to a highly experienced Australian based investment management team with a proven track record of managing cash, money market and fixed interest portfolios.

Global presence: Access to the investment knowledge and expertise of Janus Henderson's global network of investment professionals.

Key facts about the Fund

APIR code	IOF0047AU
Inception date	Aug-94
Risk profile	Low
Minimum recommended investment period	3 years
Investment management fee	0.30% p.a.
Buy/Sell spread	0.00% / 0.02%*
Unit pricing frequency	Daily
Income distribution	Quarterly (if any)

Please refer to the Product Disclosure Statement for further information.

*Current buy/sell spread became effective as at 25 August 2020. For more information and most up to date buy/sell spread information visit www.janushenderson.com/en-au/investor/buy-sell-spreads.

The Team

The Team manages assets across the full spectrum of the fixed interest universe. This ranges from cash portfolios to long duration bond portfolios and covers a wide range of issuers extending from governments to corporations and asset backed securities.

The team of seven investment professionals have been managing fixed interest portfolios for over 19 years. The Team manages in excess of \$14bn (as at 30 June 2021) on behalf of a wide range of institutional and retail clients.
