

GLOBAL SUSTAINABLE EQUITY ACTIVE ETF (MANAGED FUND)

FUTR

For investors who believe in investing for the future, not borrowing from it – the Janus Henderson Global Sustainable Equity Active ETF (ASX: FUTR) offers a compelling global equity solution.

Designed for those clients looking to invest in companies that have a positive impact on the environment and society, FUTR is an established strategy built on 30 years of sustainable investing. Explicitly low carbon, FUTR is designed to provide capital growth over the long term while delivering the transparency and flexibility of a listed product.

Key benefits

Invest with positive impact

FUTR invests in companies whose products and services seek to contribute to positive environmental or social change.

Deep investment resource

The seasoned Global Sustainable Equity investment team is supported by 36 global equity sector specialists, with an average of 16 years industry experience.

30 year history of sustainable investing

Long and successful track record in consistently applying our sustainability framework – the explicitly low carbon strategy was first launched in the UK in 1991.

High conviction, low carbon

This high conviction portfolio of 50-70 companies carries a carbon footprint that is 85% less than that of the MSCI World Index*.

Transparency of a listed investment

As a listed product, investors benefit from ongoing transparency about the investments held along with no hidden performance fees.
